EXTENSIVE RUSSIAN TROOP MOVEMENTS IN IRAN CONTINUE

SOVIETS QUIT MANCHURIA FOR SIBERIA

Report of Discussions of Economic Cooperation Rouses Heated Shouts At Party Congress

MUKDEN IS 'EVACUATED'

By SPENCER MOOSA
Chungking, Mar. 14—(P)—A report on Sino-Soviet discussions of economic cooperation in Manchuria roused heated shouts of "sit down" at the Kuomintang (National) Party Congress today as withdrawing Russian troops moved toward Siberia.

Chang Kai-Shek, special commissioner for economic affairs to Manchuria, said Chiang Kai-Shek told him last December not to recognize Russian claims to Japanese industrial equipment there as war booty. He said he was instructed further to refuse to discuss Sino-Soviet economic cooperation before withdrawal of Soviet forces.

Chang emphasized that no agreement on economic cooperation had been reached but several times angry shouts interrupted his report.

Russian troops which last week withdrew abruptly from Mukden to Changchun rolled on northward today—ostensibly headed for Manchuria—in seven troop trains. Chinese government dispatches said the remainder of the Red army's former Mukden garrison would follow soon.

This was the first indication that the Mukden withdrawal might mean evacuation of Manchuria.

Central News Agency reported that Mukden and its suburbs now are firmly in Chinese government control and that peace and order are well maintained. It said that by noon yesterday strong federal forces controlled Mukden and its suburbs to a radius of six miles.

Chang told the Kuomintang Congress that when he went to Manchuria in November, the Soviet representative told him Russian losses in the war were at least as great as losses of all other United Nations combined and contended that therefore Russia was entitled to booty in Manchuria.

Erie, March 14—(P)—Alderman William Heiser said in information charging murder was filed before him today against Mrs. Millie Thomas, of Erie, in the March 4 slaying of Robert Fisher, 32-year-old navy veteran.

Her brother, Michael Bubna, 28, and Mike Dominic, 28, also are charged with murder while another woman, Miss Violet Eleanor Tarbell, 27, has been named as a material witness, Heiser said.

The Alderman said the charge against Mrs. Thomas was filed by Sgt. Willard Schauer of the State Police, following the return to Erie of Dominic and Miss Tarbell from Savannah, Ga., where they were arrested by FBI Agent D. K. Brown.

Heiser said that Dominic reenacted his activities of the night of the slaying, implicating Mrs. Thomas.

UTILITY STRIKE LOOMS

Scranton, March 14—(P)—A shutdown of water and gas service to residents in Scranton-Olyphant area was threatened today after AFL employees of the Scranton Spring Brook Water Service Company voted to strike. President George Morgan of Local 18,047, Meter Workers Union (AFL) said approximately 151 members, all employees of the company, voted last night to quit work.

Cabinet Status of Shroyer Is Still Unchanged Today

Harrisburg, March 14—(P)—Governor Martin said yesterday he has not asked John U. Shroyer to resign as secretary of highways until withheld comment when asked if he contemplated such action.

Shroyer, who is backing the late G.O.P. organization as an independent candidate for the Republican nomination for governor, attended the governor's regular cabinet meeting yesterday.

Reporters subsequently queried the governor about Shroyer during the chief executive's news conference.

Martin, after a talk with the highways secretary last week, said he would get together again this week after Shroyer consulted with one of his friends.

Ending Of Strikes In G. E. And G. M. Brightens Labor Front Picture Over Nation

West Virginia Has A \$64.00 Question

Washington, March 14—(P)—The wage conference for the soft coal industry has brought out this bit of information: It costs more to be born a girl in some sections of West Virginia than it does to be born a boy.

Paul K. Reed, technician for a UMW research committee, told the bituminous wage conference a company doctor for the West Virginia Coal and Coke Company charges \$25 for delivering boy babies and \$30 for girl babies.

"I don't know why," Reed added, "but that's the way it is, believe it or not."

Philadelphia Strikers Plan To Celebrate

Philadelphia, March 14—(P)—The CIO United Electrical Radio and Machine Workers withdrew today a suit for a federal court order directing Philadelphia city officials to permit them to stage demonstration parades. The withdrawal followed by less than 24 hours settlement of a nationwide GE wage agreement.

Saul C. Waldbaum, counsel for U.E., announced withdrawal of the injunction action in U. S. District court and asked City Solicitor Frank F. Truscott if there would be objection to a "General Electric victory parade" by union members near the GE plant Monday.

Truscott said he would take up the matter with Mayor Bernard Samuel.

The city solicitor said the city had no objection to withdrawal of the action.

The union had sought the injunction after police on motorcycles and horseback rode into ranks of parading strikers and broke them up swinging clubs. The police acted on orders of acting Sheriff William J. Morrow, enforcing a court-imposed injunction banning mass picketing at the GE plant.

Some 3,000 cheering GE strikers received official word of settlement of the walkout at a mass meeting last night. A meeting was slated for Saturday to ratify the agreement.

At the hearing yesterday, Judge Welsh said he interpreted Philadelphia's charter as giving the mayor power over the sheriff in using police forces instead of the sheriff superseding the mayor as was done during clashes near the plant.

The police-picket battles followed granting by a county court of an injunction banning mass picketing at the plant.

BARBER PRICES TO BE HIKE IN PITTSBURGH

Pittsburgh, March 14—(P)—It will cost you more if you go to a Pittsburgh barber shop next week. Local 10 of the CIO-Barbers and Beauty Culturists' Union announced a new scale of \$1 for haircuts, compared with the old rate of 75 cents. Children's haircuts will be the same on Saturdays and day before holidays. On other days, they will be 75 cents, as compared with a previous 60 cents.

Shaves will be 50 cents, a price already effective in many Pittsburgh shops.

endorsed Attorney General James H. Duff as the organization's gubernatorial candidate.

Duff, who also attended the cabinet meeting, told newsmen that "even if I do have opposition, I am not going to get mad at anybody."

Concerning primary campaign plans, the governor disclosed GOP candidates will be in Pittsburgh, March 22, and in Johnstown, April 3, with "other regional meetings for the entire ticket" still in the planning stage.

"All signs indicate an even greater victory than we had originally anticipated," Martin answered when asked if developments have caused him to raise his sights from the 300,000 to 400,000 November general election majority he predicted several weeks ago for the Republican ticket.

Back-To-Work Calls Delayed Pending Acceptance of Terms Reached in 113-Day Walkout

The nation's labor front, clouded for months by disputes which slowed the reconversion program, was as bright as a spring morning today as settlement of two prolonged and costly strikes in the automotive and electrical industries indicated a return to work of some 275,000 employees.

The back-to-work calls were delayed pending acceptance by the strikers of settlements reached yesterday in the 113-day-old walkout of 175,000 employees of General Motors and in the two-month-long work stoppage by 100,000 General Electric employees.

The CIO unions involved in two of the country's major disputes settled with the companies with identical agreements relating to wage increases—18½ cents an hour.

An early return to work of the 275,000 workers in the GM and GE plants would mean a sharp reduction in the ranks of the idle because of labor disputes. From a near all-time high of more than 1,500,000 in January, the idle, now approximately 750,000, would drop to about 475,000.

Main disputes which continued to keep idle thousands included 150,000 CIO Steelworkers, mostly employed in fabricating plants not affected by recent settlements between the union and major steel producers; 75,000 CIO Electrical workers at Westinghouse Co.; 40,000 CIO Workers in farm machinery plants; and about 50,000 independent CIO and AFL machinists and related workers in San Francisco.

No hitch was indicated in getting the GM and GE strikers back to their jobs as quickly as possible, and approval of the agreements by the rank and file of the two unions was expected.

BULLETIN

New York, March 14—(P)—The conference board of the United Electrical, Radio and Machine Workers (CIO) today ratified a wage agreement reached last night between its negotiating committee and the General Electric Company.

The ending of the work stoppages, sharply curtailing the production of automobiles and of industrial and home electrical appliances, was hailed in Washington by Secretary of Labor Schwelb. He said he believes the country is nearing a long period of comparative labor peace.

The labor secretary termed the General Motors agreement the "most significant we've had, pointing toward an end of our industrial strife."

The General Motors strike, which cost an estimated billion dollars in lost wages, sales and commissions while plants in 13 states remained closed since Nov. 21, was regarded as the sore spot on the country's reconversion program. Officials of both GM and the CIO United Auto Workers Union expressed satisfaction over the agreement, which was announced in Detroit yesterday afternoon.

The union originally demanded a 30 percent wage increase for GM production workers but later agreed to a presidential fact-finding board's recommendation of a hourly hike of 19½ cents. The company, however, stood pat on its top offer of 18½ cents, (16½ percent).

The proposed contract was to run for two years, and a GM spokesman said the wage adjustments would add \$64,750,000 to the company's annual payroll. The wage hike boosted the GM national average to \$1.30½ and the Detroit area to \$1.38½.

The agreement also provides increased vacation pay which the union said would amount to \$5,000,000 a year; equal pay for women; higher overtime rates; and a retroactive clause giving all workers an additional 13½ cents an hour from Nov. 7 to Nov. 21.

A few hours after the GM settlement, announcement was made in New York of the union-management agreement settling the work stoppage since Jan. 15 of 100,000 CIO United Electrical Workers at General Electric plants in 16 states.

The strikers were among the 200,000 CIO Electrical Workers at plants of GE, General Motors and Westinghouse who quit work in support of demands for a \$2 a day wage increase. The 25,000 from the electrical division of General Motors Corporation ended their strike last month, after getting a wage boost of 18½ cents.

Efforts continued today to end the walkout of the 75,000 Westinghouse employees, with federal mediators meeting with union and company representatives.

EXPECT LEWIS MAY SOFTEN HIS DEMANDS

Trend of Bituminous Wage Conference Gives Rise To Hope Strike May Be Cancelled

CONFERENCE RESUMES

BULLETIN
Washington, March 14—(P)—John L. Lewis stood dramatically before a conference of United Mine Workers and soft coal operators today and read an "indictment" accusing the industry's management and stockholders of making "dead" 28,000 mine workers.

The UMW chief called for a standing vote of the 258 members of the union's policy committee attending the conference as to whether they wanted to join in the indictment. There was no dissent. Lewis made his charges in support of the UMW's demand for improved working conditions.

The speculation over Lewis's wage position, left uncertain Tuesday when he proposed merely that wages be raised and hours be shortened, was touched off yesterday when United Mine Workers spokesmen devoted an entire day to explaining of the UMW's demand for a miners' health and welfare fund.

The fund was one of nine general demands which Lewis placed before the conference.

Wages were not discussed at yesterday's public meeting and they are not on today's program. Union officials indicated that no specific wage figures are to be discussed until actual bargaining begins behind closed doors.

Meanwhile, however, the UMW turned full pressure on the health and welfare fund program, stressing what it termed poor hospitalization and medical benefits now available, inadequate compensation laws, lack of mine safety, and other working conditions which the union wants improved under the new contract.

Veteran industry negotiators said they could not recall when the union had devoted a full day to presenting such a demand in previous negotiations.

OFFICERS NAMED BY YOUNG SPUD GROWERS

Harrisburg, March 14—(P)—Winston Donaldson, of Emblenton, Venango county, served today as the first president of the newly organized Young Potato Growers of Pennsylvania.

The group, formed here yesterday under the sponsorship of the Pennsylvania Potato Growers Association and the Pennsylvania Chamber of Commerce, Council, elected these other officers:

LeLand Nixon, State College, vice president; Robert W. Lohr, Jr., Boswell secretary; Donald Wotring, Neffs, Lehigh county; Marvin Hanes, Felton, York county; Eugene Zehner, Nescopeck, Luzerne county; Robert Knorr, Catawissa, Columbia county; A. H. Sallada, Coudersport, Potter county, directors.

TRUMAN NOT READY TO NAME UNDERSECRETARY

Washington, March 14—(P)—President Truman has not made up his mind who he will name for navy undersecretary, now that Edwin W. Pauley has withdrawn, the White House said today.

While there was plenty of guessing on Capitol Hill about prospective nominees, Press Secretary Charles G. Ross told reporters that "no name has been decided upon."

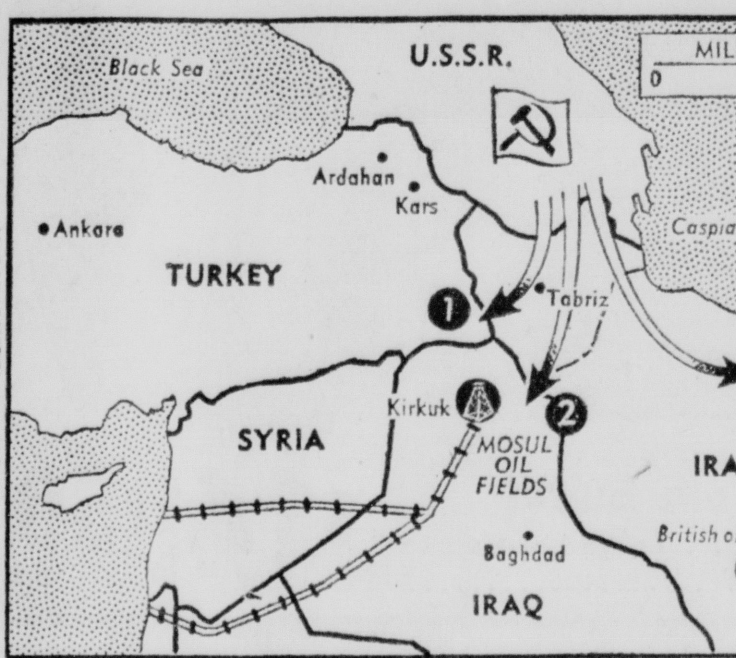

He added it was "unlikely" that Mr. Truman would be ready to announce the nomination at a news conference late today.

LOAN TO AID VETS

State College, March 14—(P)—Dr. R. D. Hetzel, president of the Pennsylvania State College, announced today establishment of a \$15,000 loan fund to aid married veterans enrolled at the college.

Veterans may borrow from the fund in any one semester in an amount not exceeding \$150. Dr. Hetzel explained. Loans may be used for emergencies or to supplement income to meet current expenses.

More Red Troops Move Into Iran

Map shows where three columns of Russian troops are reported moving into Iran, reinforcing garrisons already there in violation of agreement to withdraw all forces by March 2. Speculation is that Soviet troops may be aiming at border of Turkey (1), where Soviet has demanded control of Dardanelles and two provinces; toward the Iraq border (2), where Britain has huge oil fields; and toward Tehran (3), where Soviet appears determined to force a "friendly" government.

Order To Nip Rising Cotton Prices May Cost O.P.A. Life

Washington, March 14—(P)—An unprecedented OPA order designed to nip rising cotton clothing prices shaped up today as Senator Elmer Thomas (D-Okla.) predicted the action may cost the agency its life.

Meanwhile, the government ordered garment producers to hustle to market their supplies of scarce shirts, suits, trousers, underwear and women's stockings, both nylon and rayon.

And a Civilian Production Administration official reported an agreement which he said will "substantially increase" output of rayon hosiery, now almost as hard to find as nylons.

The OPA order, being prepared at the direction of Economic Stabilizer Chester Bowles and to be issued probably today or tomorrow, will require a bigger down payment on cotton purchased for future delivery. The purpose is to curb speculative bidding for cotton, which Bowles said is encouraged when traders can make purchases with a very small cash deposit.

Thomas, chairman of the senate agriculture committee, predicted the Bowles' directive will lead congress members from cotton, wheat and corn states "to pool their efforts to prevent any extension of OPA." Legislation is pending to continue the agency through June, 1947.

Thomas said that "OPA's policies have stifled production. I can't vote for continued stagnation. I don't know where they'll get the votes to extend it."

The order to garment manufacturers, issued by the Civilian Production Administration, prohibits producers of scarce apparel from keeping on hand more than a 30-day supply.

OPA said the measure was put into effect because of reports that some manufacturers "have been holding back large stocks" of garments in great demand. The agency predicted the order will release a "sizeable" supply of clothing to retail stores immediately.

On the bright side as to rayon hosiery, a C.P.A. official said rayon producers had agreed to supply hosiery producers with about 1,500,000 pounds of fabric a month, starting in April.

Ickes Cites Need of Moral Leadership

New York, March 14—(P)—Harold L. Ickes, former secretary of the interior, says that if America "cannot succeed in producing for peaceful purposes as we have shown that we can produce for war, we shall have to contend with revolutionary forces that may be impossible to control."

"If men like John L. Lewis," he told the Economic Club of New York last night, "who prefer troubled industrial waters because they can fish expertly in them, conceive the notion that industry and citizens generally should submit to be nudged for the enhancement of personal power, they should be firmly and quickly made to realize that the common welfare is more important than any individual."

"If the banker or the industrialist should sneer at democracy and ignore the rights of all people to fair and equitable consideration in the eyes of the law they too should be quickly brought to heel."

WANTED—PHYSICIANS

Wilkes-Barre, March 14—(P)—The Veterans Administration hung out the "help wanted" sign today for between 30 and 40 physicians in the 28-county Wilkes-Barre area. Lt. Col. J. H. Doane, acting medical officer here, said the physicians are needed at the Wilkes-Barre regional office and sub-offices at Scranton, Williamsport and Harrisburg, to conduct physical examinations, give treatment at out-patient units, and serve on rationing boards.

THREE STRONG RED FORCES ON THE MARCH

Foreign Secretary Bevin Says British Government Has Made No Decision In Matter

MOSCOW STATEMENT

By JOHN M. HIGHTOWER
Associated Press Diplomatic Writer

Washington, March 14—(P)—The United States government is continuing to receive reports of extensive Russian troop movements in Iran, a state department official said today.

The department is not officially releasing the contents of these reports at this time, but it can be stated in general that they show three Russian forces of strong but not massive size distributed about as follows:

One column at Karaj, 23 miles from Tehran, Iranian capital where, American officials believe, a leftist coup may be planned by Tudeh (Communist) party leaders to install a pro-Soviet government under the sponsorship of the Moscow command.

Another column has passed the town of Marand north of Urmia lake and turned toward Rhoi in the wild country of Kurdish tribesmen along the Turkish border.

The third column at Mahneh, south of the communication center of Tabriz, and in position to go either toward Tehran or toward the Turkish-Iraq border.

Because of the nearness of the forces to the area of the Kurds, who inhabit a three-nation area centered around the frontier junction of Turkey, Iran and Iraq, there is strong speculation here that one major Russian objective may be to launch a Kurdish uprising which would simultaneously involve all three of the Middle Eastern countries.

London, March 14—(P)—Foreign Secretary Ernest Bevin declared today Britain would "regret" any settlement between Russia and Iran which "appeared to be extracted" from the Tehran government under duress while Soviet forces are still occupying the country.

Bevin told the house of commons that despite the continued presence of Soviet troops in Iran the British government had taken no decision to put British troops back in the troubled area.

"Nor," he added, "have his majesty's government taken any step to open negotiations with the Iranian government for the return of British troops."

British troops, evacuating Iran March 2 under the Anglo-Soviet-Iran treaty agreement, moved across the border into Iraq.

By EDDY GILMORE

Moscow, March 14—(P)—Iran was accused in Izvestia today of trying to seize Russian territories in the early years of the Soviet Union and of harboring politicians who still desired to carry out imperialistic designs against the U. S. S. R.

The writer, Alexeyev, in a lengthy article entitled "The Iranian Question—the grasping plans of Iranian reactionaries," declared here Iranian government, which plans against Russia in 1919 still "exerted no small influence in the direction of Iranian politics."

STATE OFFICIAL DIES

Harrisburg, March 14—(P)—Funeral services will be held Friday at Punxsutawney for Joseph B. Means, principal exemption examiner for the State Workmen's Compensation Bureau, who died here Tuesday. Means, who was 82, came to Harrisburg from Brookville in 1915 as a member of the staff of the state department of labor and industry. He assisted in establishing the insurance division of the bureau and was active in its affairs until he became ill five weeks ago.

Punxsutawney, March 14—(P)—Loyal Punxsutawney supporters of the Groundhog of Gobbler's Knob today defended the woodchuck's Feb. 2 prognostication of "six more weeks of winter."

Col. John J. Murphy, new head of the U. S. weather bureau at Pittsburgh, said southwestern Pennsylvania has been favored with "warmer than normal" weather since the famed "chuck" saw his shadow.

The first two weeks of the present month, Murphy said, saw temperatures averaging 2.6 degrees above normal, and it has been "one of the warmest Marches in 26 years," with a few 70-degree days boosting the mercury to an average 12 degrees above normal.

This makes the little fellow look like a bad prognosticator, although many times he's been right," exclaimed the weather man.

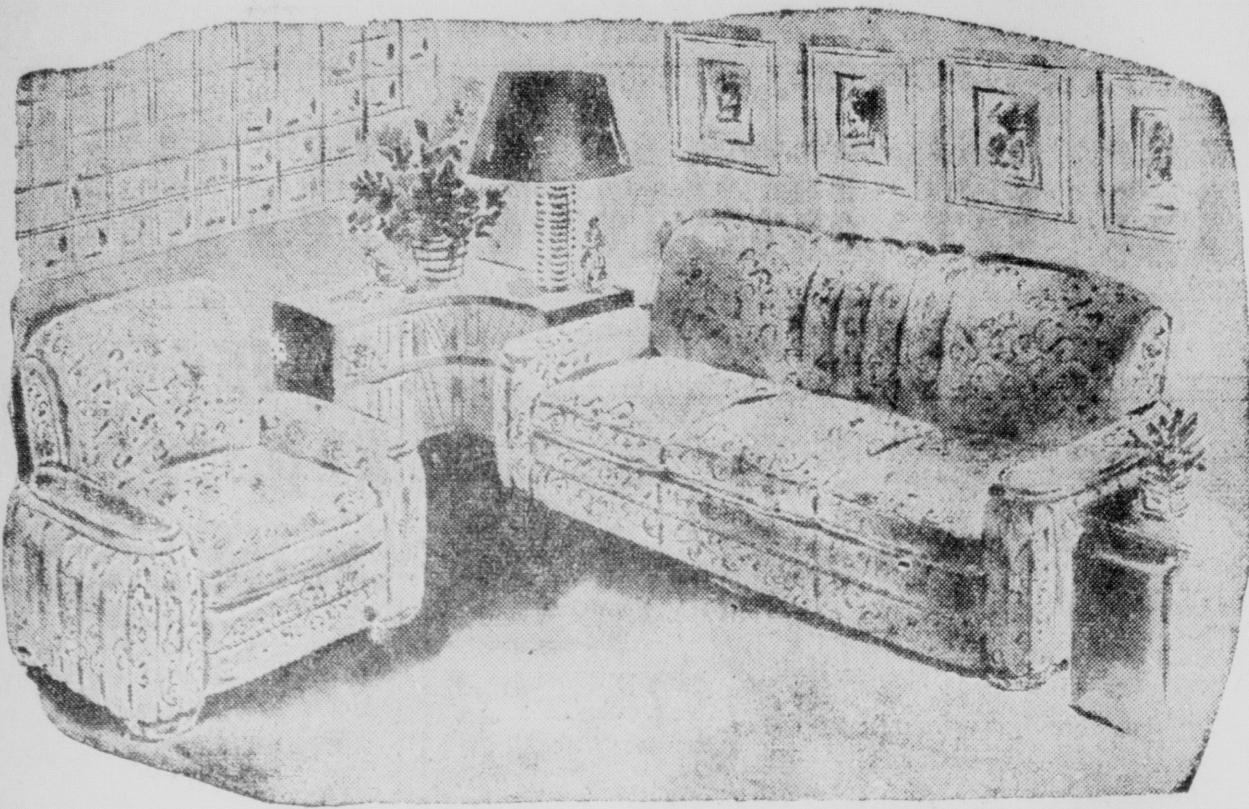

Not so, say the followers of the "chuck."

"Why around Punxsutawney we've had a lot of winter weather—snow, ice, cold, zero weather, and a tremendous lot of rain," asserted Dr. F. A. Lorenzo.

"Besides," he added, "our groundhog speaks for his own latitude. He can't for sure say what'll happen down south there in Pittsburgh."

Col. Murphy said he'll be satisfied as long as March weather doesn't show up next month. That happened last year, and the fruit buds froze, dealing Pennsylvania's harvest a serious blow.

Two Arrested By Officers For Crashing Traffic Lights

Two motorists were arrested last night after they had crashed through two red lights in the city. The arrests were just a portion of the work done by the police yesterday in their drive on motor car drivers who are violating the city traffic laws.

Every police department in the state has been alerted by the Department of Revenue at Harrisburg in an attempt to cut down the toll of deaths and injuries over the state due to traffic accidents. Hundreds of tickets are being

passed out by the police for offenders against the traffic ordinances and work of checking speedsters is going ahead.

The traffic squad will be kept on the alert until the motor car operators conform to the local laws. The police have orders to proceed against all who in any way violate the laws. Fines are being imposed and last month 143 were reported to Council as having settled for their indiscretions in operating cars.

Valentine Company to Resume Collections From Back Door

A meeting of the special committee of the Town Council appointed at a recent meeting to confer with both garbage collecting companies was held last evening. Representatives of the Valentine Company were present and it is announced today that the company will resume back door collections at once.

In an advertisement appearing

in The Times-Mirror today the company announces that collections at the rear of homes instead of at the curb will be resumed. However it is asked that the garbage cans be kept at a convenient place and that the householders cooperate with the company as far as possible.

The Warren Disposal Company resumed the rear door collections some time ago.

U.S.S. Slater Arrives Soon

Don C. Norris, seaman first class, USNR, of 112 Redwood street, is aboard the USS Slater, one of six destroyer escorts which will arrive in Norfolk late this month for decommissioning after almost two years of active service in both oceans.

The Slater was known in the early days of sea duty as the "Cardiff Express". Commissioned on May 1, 1944, the ship made trips to England and Scotland before being assigned on three consecutive occasions to Cardiff, Wales. Before heading back to the States last month, the Slater had been in Manila, Tokyo Bay, Yokohama, Luzon, Okinawa, Taru, Biak in the Dutch East Indies, and San Fernando in Lingayen Gulf.

Navy Recruiter To Come Each Tuesday

F. W. Saylor, chief motor machinist mate, USN, of the navy recruiting station at Erie, announces that a recruiting representative for that branch of service will be at the local postoffice on Tuesday, March 19, between the hours of 10 a. m. and 2 p. m., for the purpose of accepting enlistment applications.

Applicants for the U. S. Navy must be between the ages of 17 to 30 years, inclusive, and enlistments are for 2, 3, 4, 6 or minority year periods. A minority enlistment means that a man 17 years of age may enlist until his 21st birthday. CMCMM adds that a recruiter will visit the local postoffice every Tuesday at the same hours until further notice. Men interested may drop in and the chief will point out advantages the navy has to offer.

Nursing Unit Has 22 Cases

Three new cases came under the Visiting Nursing Association's care in the month of February, according to the report presented by the nurse at the monthly board meeting of the agency. A total of 22 cases were handled in the month period.

As usual, chronic medical led the list with 15, five were acute medical and two were surgical cases. In addition to making 47 office and telephone calls, the nurse made 103 visits, 94 for nursing, 6 for social service and welfare interest, two night calls and assisted with one operation.

She also attended one Warren Relief Agency meeting and assisted with four child health clinics. Four new babies attended the clinics and a like number of pre-school age. Mothers brought 15 babies for return visits and seven tots of pre-school age. In this connection, the nurse made three child welfare home visits.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits, it may also cause nagging headache, rheumatic pain, leg pain, loss of pep and energy, swelling, puffiness under the eyes, backache and dizziness.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Two Arrested By Officers For Crashing Traffic Lights

Two motorists were arrested last night after they had crashed through two red lights in the city. The arrests were just a portion of the work done by the police yesterday in their drive on motor car drivers who are violating the city traffic laws.

Every police department in the state has been alerted by the Department of Revenue at Harrisburg in an attempt to cut down the toll of deaths and injuries over the state due to traffic accidents. Hundreds of tickets are being

passed out by the police for offenders against the traffic ordinances and work of checking speedsters is going ahead.

The traffic squad will be kept on the alert until the motor car operators conform to the local laws. The police have orders to proceed against all who in any way, either by parking or otherwise violate the laws. Fines are being imposed and last month 143 were reported to Council as having settled for their indiscretions in operating cars.

Valentine Company to Resume Collections From Back Door

A meeting of the special committee of the Town Council appointed at a recent meeting to confer with both garbage collecting companies was held last evening. Representatives of the Valentine Company were present and it is announced today that the company will resume back door collections at once.

In an advertisement appearing in The Times-Mirror today the company announces that collections at the rear of homes instead of at the curb will be resumed. However it is asked that the garbage cans be kept at a convenient place and that the householders cooperate with the company as far as possible.

The Warren Disposal Company resumed the rear door collections some time ago.

U.S.S. Slater Arrives Soon

Don C. Norris, seaman first class, USNR, of 112 Redwood street, is aboard the USS Slater, one of six destroyer escorts which will arrive in Norfolk late this month for decommissioning after almost two years of active service in both oceans.

The Slater was known in the early days of sea duty as the "Cardiff Express". Commissioned on May 1, 1944, the ship made trips to England and Scotland before being assigned on three consecutive occasions to Cardiff, Wales. Before heading back to the States last month, the Slater had been in Manila, Tokyo Bay, Yokohama, Luzon, Okinawa, Taru, Biak in the Dutch East Indies, and San Fernando in Lingayen Gulf.

Navy Recruiter To Come Each Tuesday

F. W. Saylor, chief motor machinist mate, USN, of the navy recruiting station at Erie, announces that a recruiting representative for that branch of service will be at the local postoffice on Tuesday, March 19, between the hours of 10 a. m. and 2 p. m., for the purpose of accepting enlistment applications.

Applicants for the U. S. Navy must be between the ages of 17 to 30 years, inclusive, and enlistments are for 2, 3, 4, 6 or minority year periods. A minority enlistment means that a man 17 years of age may enlist until his 21st birthday.

CMCMM adds that a recruiter will visit the local postoffice every Tuesday at the same hours until further notice. Men interested may drop in and the chief will point out advantages the navy has to offer.

TOO MUCH TO BEAR

The western democracies and Russia have long learned to endure and ignore Generalissimo Francisco Franco's tirades against "liberalism" and his praise of his own "perfect" state. But a Madrid broadcast, following the three-power invitation to democratic Spaniards to remove their dictator by peaceful means, took a new tack which is almost too much for stomach to bear.

It was not Great Britain or the United States, said the Madrid radio, which thwarted Hitler's plan to incorporate Spain into the Axis and thus dominate the Mediterranean, North Africa, and the Near East. No, it was Generalissimo Franco.

Such a statement, in the face of Franco's record and coming on the heels of publication of his affectionate correspondence with the Axis dictators, is almost incredible. How can the Franco-controlled radio expect any reading and thinking American or Briton to believe it? How can it hope that American and British seamen will forget the times that German submarines, after attacks on Allied vessels, would surface in Spanish waters, run up the Spanish flag, and probably literally thumb their noses at the thwarted pursuers, who could not fire on a "neutral" flag?

The new Jap constitution abolishes war as the nation's sovereign right forever, renounces threat or use of force in settling disputes, and forbids future authorization of any army, navy, air force, or other war potential or assumption of the rights of belligerency by the state. We move the immediate and unanimous adoption of this portion of the Japanese constitution by all the nations on the face of the earth.

With butter scarcer than hens teeth, it seems high time that the taxes on oleo should be removed by legislation and its price cut for the long suffering public. If there isn't enough butter and oleo to supply the public why hike the price by taxes?

Reading and studying are the only ways for a man to acquire a vocabulary, says a professor. Unless he marries one.

LENTEN SERMONETTE

By REV. GORDON V. WOODS
Church of the Nazarene

"He knoweth the way that I take."—Job 23:10. What glorious assurance! This way of yours, at times so tangled, burdensome, and hard—this cross of trial and tears—"He, God, knoweth it!" A heavy cross, almost too heavy at times—yet, "He knoweth it!" Jesus nobly carried His heavy cross, physically, and spiritually—and you, too, friend, will be given strength to carry your cross.

There is a poem called "The Changed Cross." It represents a weary one who thought her cross surely heavier than those crosses of others—and she wished that she might exchange her cross with someone else. She slept, and in her dream she was led to a place where many crosses lay—of varied shapes, sizes and colors. There was a small one most beautiful to behold, set with jewels and gold. She took up this cross, but found that these jewels and gold were cumbersome and heavy for her to bear. Next she saw a lovely cross with fair flowers entwined in it. She lifted that cross, but beneath the flowers were piercing thorns which tore her flesh. At last as she went on she came to a plain cross, without jewels, without carvings, with only a few words of love inscribed upon it. This she took up, and it proved best of all—the easiest to be carried. As she looked upon it with satisfaction, she recognized it as her own old cross. She had found it again and had discovered that it was the best of all. God knows best what cross we need to bear. He knows when it becomes heavy for us, and He is there to help us carry it. As your way becomes dim, and your footsteps uncertain, look up—for "God knoweth the way that you take." He walks with you, and if you are faithful in carrying your cross, He will bring you forth triumphantly.

Jesus' cross through His life was one of self-denial, suffering and pain, but it led to life triumphant. Friend, accept willingly the cross God gives you to carry, look to Him for strength when the way is rough, and He will give you sufficient grace, for "He knoweth the way that you take." After the suffering, after the disappointments, after the clouds—comes the crown; then dawns eternal life—triumphant with Christ.

In 1926 Warren's second community chest campaign, with a goal of \$48,000, gets under way with thirteen teams of nine men each soliciting money for eight local institutions.

County residents were subjected to one of the coldest March mornings ever recorded in this area. The thermometer reached four degrees above zero.

Work on the redecorating of the Swedish Lutheran church is progressing rapidly. The old pews have been removed and new ones added. A new carpet has also been laid.

Local residents were preparing to meet the tax deadline and send their payments to revenue officials. Interest on the Third Liberty Bonds is due on the same day, however.

In 1936 PWA workers are ready to begin a \$215,000 school building project. Additions and improvements will be made to Beatty, high school, East Street, Jefferson, and Home Street buildings.

A joint dinner of the Jamestown and Warren chapters of the American Institute of Banking will be held at the Country Club. Frank Totten, official of New York's Chase National Bank, will be the speaker.

An unofficial report from state police officials reveals that Governor Earle has okayed the Warren State Hospital, despite a number of fire hazards.

M. W. Ulf, Tidoune resident, was awarded the "Coffin Pin" by the General Electric Company for proficiency in incandescent lamp work. It is the company's highest award.

What It Means

By ROWLAND EVANS, Jr.

WASHINGTON—No longer will veterans wanting GI loans wear out their pen hand signing documents. New Veterans Administration (VA) loan regulations, the result of the amended GI Bill, call for the veteran's signature in one place just once.

Take the form being distributed to supervised lending institutions to be used when a veteran wants a government-guaranteed home loan under the GI Bill. (Similar forms have been issued to cover farm and business loans.)

Three-quarters of the way down on the back of the application form is a box headed "Must be signed by veteran." It reads (a) "I declare I do not have an application pending for a loan for the purposes stated herein; (b) I previously have used my guarantee benefit for other loan or loans as follows: \$..... for real estate; \$..... for non-real estate."

Greatly Simplified Then follows the request to the administrator for endorsement of honorable discharge or certificate of eligibility for whatever the amount of the requested guarantee happens to be.

Below is the space in which the veteran will put his John Henry. It's as simple as that, and a far cry from the old, complicated form which had lenders and veterans tearing their hair out by the roots.

Here are some other new and simpler loan regulations: The only authority vested in VA is that of appointing local appraisers to see that the price of the property involved in the loan is "reasonable."

It used to be "reasonable and normal." Since few values today are "normal," many otherwise sound loans could not be made.

Discharge Is Certificate The veteran's honorable discharge now automatically becomes his certificate of eligibility. He doesn't have to apply to the VA for one.

Veterans who have no honorable discharge still have to make application to VA for the certificate of eligibility. The VA takes a keen look at the conditions surrounding his discharge, and if they are not dishonorable a certificate is issued.

The new loan regulations also do these things:
1. Increase the amount of the guarantee to \$4,000 on all real

estate loans. The maximum used to be \$2,000.

2. Extend the time during which veterans may take advantage of their GI loan privileges from two to 10 years after the official end of the war.

3. Extend the period in which loans must be repaid to 25 years for home loans and 40 years for farm loans.

VA Insures Loans 4. Provide for the VA to insure loans, instead of guaranteeing them. VA can insure 15% of the aggregate of loans made by any one lender to any number of veterans. VA says this plan should broaden the scope of credit assistance to veterans.

5. Allow the cost of a lot on which a veteran wants to build a home to be included in the loan.

6. Allow GI loans to veterans for delinquent indebtedness.

7. Broaden and liberalize farm loans so that the loan may be used for practically every ordinary farming purpose.

8. Allow inventory and working capital to be included in business loans.

9. Extend loan privileges to men on terminal leave and servicemen who are hospitalized pending final discharge.

Go to Your Bank If you're a veteran and want a GI loan, don't write the Veterans Administration about it. The VA lends no money. The place to go is your local bank or trust company.

Tell the loan section of your bank that you want to borrow money under the GI Bill of Rights and show your honorable discharge. After the loan has been made, the VA will guarantee a certain portion (not to exceed 50%) of it. The guarantee simply acts as security for the lender and thus makes it easier for you to get your loan.

More than 70,000 GI loans have already been made. They represent a guarantee commitment of almost \$133½ millions. To date VA has paid to lenders a sum of \$42,673 on 51 loans which have resulted in claims.

SUGAR GROVE

Sugar Grove, March 11—The Free Methodist, Methodist and Presbyterian churches joined together Friday afternoon at three o'clock in the Presbyterian church for the World's Day of Prayer service.

Mrs. Theodore Allenson acted as leader for the service "The Things That Make For Peace."

Mrs. Ray Johnson was pianist and special music was a duet by Mrs. Beverly Beck and Phyllis Hendrickson with Dorothy Miller, accompanist. These four girls also took part in the service and others taking special parts were Mrs. Carleton Ross, Mrs. Charles Crayter, Mrs. Victor Landin and Mrs. J. A. McIntosh.

The committee who planned the service were Miss Josephine Ricker, Mrs. F. A. Schoonover and Mrs. Crayter.

Corporal Hubert Kooman received his honorable discharge at Camp George Meade after thirty-eight months service in the Army and has returned to Sugar Grove where his wife and young son have made their home with her parents.

Mrs. F. A. Schoonover is spending a few days in Rochester with her daughter, Mrs. Howard Joss and family.

Mrs. Harmon Confer and daughter Connie and Mr. Snyder of Erie were recent guests of Miss Josephine Ricker.

Mrs. Warren Kelly is a surgical patient in the W. C. A. Hospital, Jamestown.

Mrs. Lawrence Abbott and infant daughter Susan Carol, came home from the W. C. A. Hospital, Sunday.

Mrs. Roy Briggs has been doing substitute teaching at Sheffield High School the past two weeks.

Malcolm Allen, son of Mrs. Genevieve Allen received a broken wrist at Hickory Friday night while playing basketball with the high school. He was taken to W. C. A. Hospital at Jamestown by Principal Everett Sandin, and after treatment returned home.

Missionary Speaks For Kiwanis Club

Dr. Alexander Kemp, medical missionary in Angola, Africa, since 1923, was guest speaker for this week's meeting of Kiwanis Club, held Wednesday afternoon at the Hotel Carver.

His talk dealt with some of the diseases prevalent in that country—bubonic plague, elephantiasis, sleeping sickness, malaria—and of the superstitions of the black races concerning their causes and treatment. Results of research, showing these germs are carried by parasites, have aided his work materially, he pointed out.

Dr. Kemp spoke of his own experiences in surgery, about 40 cases a month, saying there is little cancer, appendicitis and the like, the majority of his surgical patients coming because of some injury received. He discussed the forced labor situation which is practically slavery from our viewpoint, and expressed the belief that eventually there will be established a brotherhood between the black and white races that will help materially in both the physical and spiritual efforts of the missionaries.

Ray Johnson brought to the membership's attention a Crippled Children's Committee case of a six year old child requiring special care and support and this project was undertaken for a six months' period, when the case will be reviewed.

Four guests at this week's meeting were Kiwanian Grant Mitchell, of Franklin; Kiwanian Kirk Cameron, Jamestown, N. Y.; Dr. H. W. V. Beals, Sheffield; Rev. Roger Montague, of Montpelier, O.

Guest speaker for next week will be Miss Claire Elliott, of the Crippled Children's Society.

More than 400,000 youngsters and adults were trained in swimming and water safety courses by Red Cross instructors in 1945.

Yeagle - Carlson
Vows Are Taken in
Candlelight Rite

The home of Mr. and Mrs. J. A. Carlson, Parker street, was the scene of a pretty wedding at nine o'clock on the evening of Tuesday, March 12, when their daughter, Doris, became the bride of Norman Yeagle.

The double ring service was performed by Rev. Harold Knappenberger, pastor of Grace Methodist church. The vows were taken by candlelight beneath an archway of evergreens.

The bride was given in marriage by her father and was lovely in a floor length gown of pale blue net over taffeta. Her fingertip veil was held by a crown of orange blossoms, and her bouquet of pink and white carnations was highlighted with larkspur and tied with white satin streamers. Her gold cross was a gift of the bridegroom. Her attendants were her sister, Elinor, and Brea Miller. Miss Elinor wore pastel green chiffon as maid of honor, and carried gladioli tied with matching streamers. Miss Brea, as bridesmaid, wore pale pink marquisette and carried a similar bouquet of gladioli.

Robert Kane was Mr. Yeagle's best man and Leonard Engle was the usher.

The bride's mother wore an orchid ensemble, with corsage of pink and white carnations.

Prior to the ceremony, Miss Elinor played and sang "I Love You Truly" and "O Promise Me." She also played the Mendelssohn recessional.

Immediately following the ceremony, a reception was held, guests including both families and a few intimate friends. The bride's table was attractive with candles and a three-tier wedding cake topped by a tiny bride and Marine.

The bride chose for going away a black and white dress, black and white accessories and corsage of pink and white carnations. Later, the couple left for a short wedding trip, to be at home, upon their return, at 20 Parker street.

Day Of Prayer
At Clarendon

Clarendon, Mar. 14—The annual World Day of Prayer observance was held in the Evangelical church, the Methodist congregation cooperating. Mrs. Mabel Sharp was leader, using the regularly prepared programs.

Vocal solo parts in the program were sung by Mrs. Beulah Henry, with the Evangelical choir furnishing other music. Several children and young girls participated in the program and Rev. A. G. Meade and Rev. L. V. Mohrkern each led in prayer. Mrs. Verda Yagge gave a reading on "Stewards of the Loving Kindness of God."

Day of Prayer officers for this year were Mabel Sharp, Elgin Simpson, Ruth Barnes and Mrs. Fred Blair. Those elected at this time to serve in 1947 were as follows: President, Grace McBride; vice president, Beulah Henry; secretary, Emma Miller; treasurer, Nellie Meddock.

P. T. A. COUNCIL
HELD MEETING TUES.

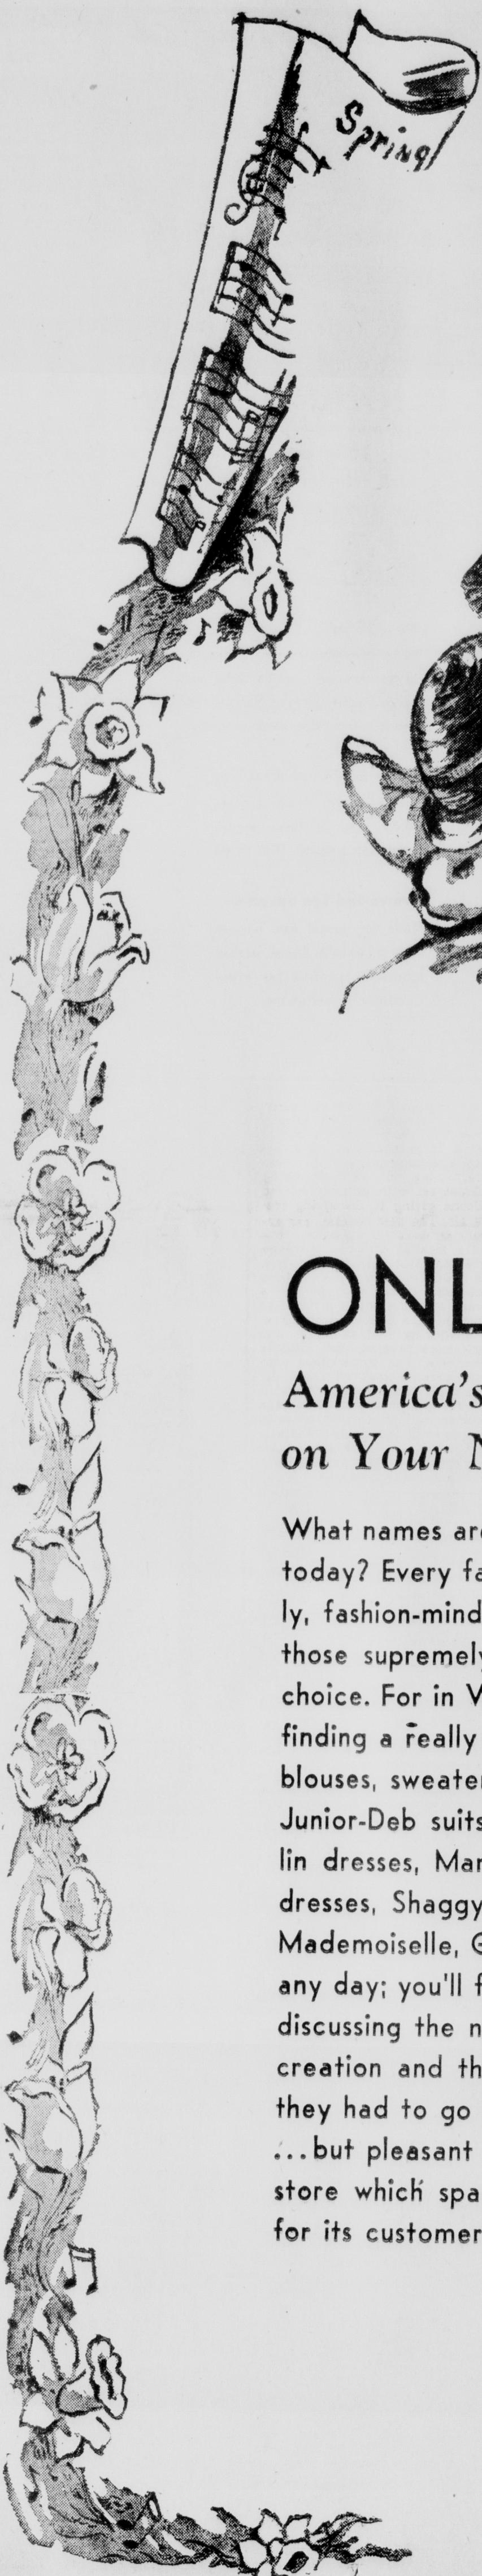

Members of the P. T. A. Council held a meeting at the Y. W. C. A. activities building yesterday afternoon at two o'clock. Mrs. Walter Mathyer, president, in charge. Plans were made to have a one-day school of instruction in P. T. A. work for newly elected P. T. A. officers to be held in the early part of May. The nominating committee appointed was: Mrs. Ivan Warner, Mrs. A. J. Bova, Mrs. G. L. Peterson, Mrs. William Yeagle and Mrs. G. N. Ostergard. Following the business meeting, Mrs. Frank Doner, state vice president, gave a most interesting talk on "Building According to Plan." Seneca and McClintock groups served refreshments.

STARBRICK UNIT

Starbrick PTA members held their March meeting at the school, opening with the Lord's Prayer and a song by the entire group. The attendance award went to Mrs. Conklin's room. After the business session, movies were shown and lunch was served by Mrs. Douglas Smith, Mrs. Arthur McCain, Mrs. Clayton Armstrong and Mrs. Willard Franklin.

SYLVIA LUCIA IS PARTY GUEST

Carolyn Rizzo entertained Wednesday evening at her home, 914 Pennsylvania avenue, west, with a personal shower which honored Sylvia Lucia, bride of the near future. An entertaining evening was spent with games, prizes going to Assunta and Sylvia Lucia and Mrs. Thomas James. At a late hour a delicious luncheon was served at a prettily appointed table, decorations being carried out in pink and green, with pink carnations.

The honored guest was presented with a corsage from her hostess, and was showered with many lovely gifts from the following: Mrs. Santos Giunta, Mrs. Al Chiaromonte, Mrs. Thomas James, the Misses Assunta and Felicia Lucia, Jaye Massa, Stella and Ange Cerra, Marie Russell, Theresa Scialie, Laura Plateroti, the hostess, and her sister, Mrs. Emil Bonadio, here from Lafayette, Ind., to visit her parents.

Weatherman Cooperates In Successful Spring Opening for Metzger-Wright's

On one of the loveliest evenings ever enjoyed in Warren at this time of year, Metzger-Wright's 99th opening took place, its annual spring opening, when the community of Warren assembled to enjoy seeing the spring, 1946 fashions for the home and for their own wear.

On first floor one of the first fashions to greet us was that of the accessories, grouped as they were with related spring fabrics and other accessories. We learned that the Hildergard Rose by Revlon, and the vibrant matched make-up by Coty was now in cosmetics, as well as many others which were so beautifully displayed. Gorgeously matched sets of jewelry, consisting of pin and earrings, as well as chokers and bracelets, were artfully displayed. The new plastic handbags, which we have heard so much about, were next viewed, as well as genuine alligator and reptile handbags.

A department which has fast grown to be the largest of its kind in Warren is that of the book department and the lending library, both of which has books for all tastes whether it be for detective stories or the latest fiction, history or biography. Men's wear with the new Textron fashions were of much interest to the men as well as the women.

We were surprised and yet pleased that so many new fabrics are now available in the yard goods, and that linens are once more on the market to grace the most luxurious table. The new trend for low heeled shoes was very much in evidence in the shoe department, as well as the new dress shoes by Vitality and Johnsons.

As we wandered to second floor we became even more enthralled over the fabrics which have recently returned to the public market for draperies and slip-covers. One blaze of glory met the eye, and the model rooms so superbly done in the modern manner, were coordinated with wall paper, draperies and slip covers as well as rugs from the entire second floor. A beautiful display of wall paper and coordinated fabrics were featured in the wall paper department which is also located on this floor.

The fashion floor for the women and junior miss was as usual the center of attraction for the women, and men too. The California Shop with its brightly patterned dresses for sports and afternoon wear, its formal and its suits, was the center of all attention, as California fashions so express the casual preference of the women of today. Hats with flowers, hats without flowers, gay hats of all types made us realize that Easter was almost here and that we must have a new hat at once. Lingerie and sportswear then came in for our attention, the new sportswear that is so adaptable to our way of living. Infants wear interested the mothers with its display of adorable little articles for the very young.

On the fourth floor, the china department next drew our attention with all the gleaming china and glass. Here we found many little gadgets for our kitchen which we didn't know existed. Appliances were on display on this floor for the first time since the war. Roomy refrigerators, ranges, radios, washers. A demonstration was in progress here for the Westinghouse Laundromatic and later for the Bendix automatic home laundry. We stopped here for quite a time to see just how these automatic washers could take the work out of our wash day. We inspected the new Crosley, Scott Marine, and Stromberg-Carlson radios, the Westinghouse and Crosley refrigerators as well as the Thor, Speed Queen, Westinghouse and Maytag washers, and the Roper and Magic Chef ranges. We learned that these were only a few of the many makes which we would soon find in this department as more would be arriving each day.

We could hardly entice our two young daughters away from the Grigots and Teentogs Shop on this floor. They wanted every dress, coat, hat, sweater, and skirt they saw for Easter.

The windows next drew our attention. We could not select one which we thought was of more interest and lovelier than the other. In the first window on Liberty street was a perfect display of pastels in hats as well as accessories. The other large window was a refreshing window of spring fashions set with brightly colored balloons giving it the spring festive air. The new cocktail bar accessories were displayed in one of the smaller windows, we were quite intrigued with the gay bottles. On Second Street the windows were done in the manner of a woman stepping out of a forest of paper into the Easter parade. Pastel shades as well as navy and black were favored for Easter wear here. The three other windows depicted the latest not only in fashions for the children but for the home as well. Mildred Carter is to be congratulated on her achievement of her windows for this 99th opening at Metzger-Wright's.

DANCE WELL ENJOYED

The North Warren Community Dancing Club staged a Farmer and Farmerette Dancing party last Saturday evening in the North Warren Civic Club. The organization of 56 members had a thoroughly enjoyable evening and the farmer garb won many laughs and roused much merriment. Prizes were awarded for the best costumes and some of the lucky folks won one-half pound of butter or two pounds of sugar. Blue denim and huge straw hats were favored garb by the men while the farmer ladies were "just too sweet" in calico and sunbonnets. The club during the winter has been staging a series of dances that are most enjoyable.

MEN AND WOMEN IN SERVICE

TO GREAT LAKES
Robert F. Scallise, son of Mr. and Mrs. N. Scallise, North South street, who recently enlisted for the navy, has been assigned to Great Lakes training station.

IS DISCHARGED
Cpl. C. Marshall Johanson, son of Mr. and Mrs. Harry A. Johanson, 22 Brook street, has arrived home after receiving his honorable discharge from Ft. George G. Meade, Md. He received his basic training at Ft. McClellan, Ala., and left for overseas in April, 1944, serving with the 5th Army in Italy, Africa and the Southern France invasion. He was awarded the Good Conduct Medal, World War II Victory ribbon, American theatre ribbon, European-African-Middle Eastern theatre ribbon with bronze Arrowhead. Completing nine months overseas, he arrived back in the United States March 5, 1945, and was hospitalized for malaria and trench foot. After his discharge from the hospital, he was stationed at Camp Butler, N. C., then to Camp Lee, Va., to serve nine weeks in the army technical school for automotive mechanics, and the last nine months as supply clerk for the Quartermaster Corps. Before entering the service he was employed by Fairchild-Rapp Machine Company.

ENSIGN'S RATING

Friends of Joseph F. Saraceno will be interested to learn that he has been graduated from the University of Pennsylvania's NROTC unit as ensign, USN, and has reported to Newport, R. I., for further duty. While at Penn he majored in journalism; and was a member of the Quarterback, naval honorary society; chairman of the campus Navy Radio Hour; on the Mask and Wig manager's staff, and a member of Sigma Alpha Epsilon fraternity. He expects to return to Penn in the fall to continue his studies. He is a graduate of Warren High School, Class of 1943, and was a member of the Fox Club.

FOUR BROTHERS ARE DISCHARGED

Mr. and Mrs. Frank Ellis, formerly of Farmington township, write from Lake Bay, Wash., that their four boys, Ben, Walter, Frank and George, have all been honorably discharged from the army after extensive service in the European theatre. Ben is with his family in Washington, D. C.; Walter drives a Greyhound bus in the San Francisco area; George and Frank are at home. Three of the boys achieved a sergeant's rating and won a number of decorations. These included Purple Hearts, citations, Silver Star and Bronze Star, as well as ribbons and battle stars. None received a permanent injury except Frank, who sustained partial disability of his left arm.

**TRICKY TO BID, BUT
TRICKY TO LEAD**

By WILLIAM E. MCKENNEY
America's Card Authority

You will notice there is no bidding given with today's hand, and it is difficult even to suggest how it should be bid. It is just one of those problems. None of the players in a duplicate game reached a slam on the hand; in fact several pairs failed to get to game. However, one pair made six no trump.

None	Q 8 6 6 4	Q 9 8 6 3
A 7 2	Q 8 4 2	Q 9
Q 7 3 2	Q 10 3	A 7 5

Would you open the South hand with a spade 4-club? Many of the experts prefer a club opening with this type of hand. North will bid a heart, then South bids a spade. Now when North bids three hearts, probably the only thing South can do is to bid three no trump, which might prove disastrous.

However, if West opens a small heart, declarer will make five no trump, because the queen and nine of hearts fall, and the queen of clubs drops doubleton.

The most peculiar result was obtained when West elected to open the deuce of spades, and declarer made six-cold.

At All Drug Stores

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES

have taken the place of

PRODUCTION LINES!

...so don't blame your Implement Dealer!

Your implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	NOV. 1945	DEC. 1945
Tractors.....	7,271	7,432
Combines.....	2,345	2,526
Cultivators.....	3,482	3,308
Hay Loaders.....	209	982
Plows.....	6,185	6,702*

*Plows are made in our Canton and Chattanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15. If present wage proposals are adopted, this figure will become \$1.33 1/2 per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

INTERNATIONAL HARVESTER

DARK POWER

BY ELISABETH HOLDING

Chapter 4

DI dressed, in a green chiffon frock that suited her very well; she took pains to look her best, curiously excited at the prospect of meeting this cousin.

"Silly," she thought, "I suppose it's because I haven't any family."

Coming out of her room a little before six, she found Uncle Peter in the hall, lounging against the wall, smoking a cigar.

"Hello!" he said. "How nice you look!"

"Oh, thanks!" she said. "Uncle Peter, can you lend me a stamp?"

"Haven't such a thing!" he answered. "But if you have any letters to post, give 'em to me, and I'll look after 'em."

But somehow she did not want to give him her letter to Mrs. Erick.

They went downstairs together, into the lounge. It looked very pleasant there now, with three shaded lamps glowing. DI seated herself in an armchair, by an artificial palm, and Uncle Peter stood beside her, whistling under his breath.

As she glanced up at him, a singularly disturbing thought came to her. Was he guarding her?

The impulse seized her to find out. She sat very still for a few minutes, then she rose.

"I'll just run up and get my handkerchief," she said.

"I'll hop along with you, then," said Uncle Peter. "These lights have a way of going out, and you'd get lost in this barn of a place."

She turned away her head, so that he might not see her face. A panic fear was rising in her; she wanted to get away; she must get away.

"Don't—bother!" she cried, and ran toward the stairs. She fled up the stairs, darted into her room, slammed the door behind her and locked it, turned on the light and sank into a chair.

SHE began to grow a little quieter, her breathing less labored; she was ready to reason

with herself, when the light went out.

She sprang up, all her fears redoubled. There was a soft knock at the door.

She stood motionless in the dark, staring before her. There was another knock.

"It's Wren, Miss," she asked, whispering.

"What do you want?" she asked, whispering.

"I've got a electric torch here for you, Miss. If you'll open the door—"

She drew a long breath, and crossing the room, unlocked the door.

The light of a torch shone full in her eyes, dazzling her.

"Excuse me, Miss!" whispered Wren, covering the torch and holding out another one. "I thought... if you'll excuse me, Miss. If there's anything I can do for you, Miss..."

She decided to take a chance. "I wish you'd post a letter for me," she said. "I haven't any stamps just now, but—"

"Give it to me please, Miss," he said.

"It's not quite ready. If you'll wait—"

"I'd better not, Miss. If you'll leave it where I can get it—"

"How would one address a letter here?" she asked, quickly, infected by his air of haste.

"The Chalet, Miss. East Hazelwood. Just tell me where I'll find it, Miss."

"Under the bureau-scarf," she began, but he had turned away.

"I'll look after it, Miss," he whispered and was gone.

"Well, there's no harm done," she said, absently.

Suddenly, Uncle Peter stirred. "Car coming," he said, and she heard it too, coming up drive.

"Lend me your torch," Uncle Peter, and taking crossed the room and opened door. But he let no one in; stepped outside, closing it behind him.

She was left now in utter darkness. She heard a murmur of voices outside, and she groping her way across lounge to the door, when lights came on. She hurried to and looked through the untained glass of the door. A stood out there and the lights shone along the drive.

She had a glimpse of two bodies; then they passed beyond the stream of light, and she saw them no more.

"This is too much..." thought, "I can't—"

Her knees were shaking; sat down again. And pressed the front door opened and Uncle Peter reentered, dapper cheerful.

"Was there an accident?" cried.

"Accident?" he repeated, looking at her. "No. What made think of that?"

"I thought I saw..."

"Why, it was just a te looking for a room," he said. "You know, this place used to be a hotel, and people still come and then."

Very cheerful and reassuring Uncle Peter was. But on cheek and on his shirt-front two black smudges. Very coal-dust. Very like the sm one might get in a cellar. Smu such as one might get in a down to turn off the current.

"I'm going," she thought, going to leave here tomorrow. I have to walk to New York. haps it's all—imagination—B—don't like to imagine th like that."

Dragons Go To Bradford For Exchange

On Friday morning, Director Harry A. Summers will leave for Bradford with his Dragon Band, the day to be spent in rehearsal and the first of two combined band exchange concerts to be played at 8:15 p. m. in the Bradford Senior High School auditorium.

Dragons and Owls have been practicing for the past two months in preparation for this exchange. Warren band fans to have their innings on Friday, March 22, when the Owls spend the day here and combine with the Dragons in an eight o'clock concert in Beaty school gym.

Extensive plans have been made by Directors Harry Summers and Rodney A. Schoch to make this an outstanding musical event, with a program that is varied to include symphonic and popular concert selections, as well as a novelty arrangement.

To be especially featured in the concert at Bradford will be Herman H. Slayman, member of the famous Penn State Blue Band, a World War II veteran now completing his education at Penn State. It is not yet known if he will have a part in next week's concert here.

The sophomore Class of Bradford Senior High is sponsoring the concert in that city and members of the class will be hosts to the local musicians during their visit.

BROADWAY

By JACK O'BRIAN

NEW YORK—Swing Singer Georgia Gibbs moaned aloud during the party Danny Kaye tossed the night before he left for Hollywood. . . "What's the matter?" I asked this tiny bundle of talent. . . "Look at that," she said, motioning toward Claudette Colbert, who had just arrived with her husband, Dr. Joel Pressman. . . "Now I can't yearn for even a mink after seeing that beautiful sable." . . The gals at the party took a poll and agreed it must have cost about \$40,000. . . "You can get a cheap one for about \$20,000," groaned her nibs, Miss Gibbs, hopelessly.

Marc Connelly told a dandy during the party Benay Venuta and her husband Hollywood Producer Armand Deutsch, heaved at their Park Ave. flat for songwriter Frank Loesser during the brief couple of weeks Frank is back in New York between pictures.

Marc's mom is an avid bridge player, who cuts the past-boards for the smallest possible stakes. . . In Hollywood to visit Marc, she was entertained at a bridge party by the mothers of Mary Pickford, the Talmadge girls and several others. . . "But how can I play for the sort of stakes they have here in Hollywood?" said Mrs. Connelly.

"WELL, there's no California law which says you can't quit when you lose as much as you can afford," Marc advised the agile little lady.

Marc came home some time after midnight, knocked at his mother's door and received no answer. . . He knocked again an hour later, still no answer, and went to bed. . . When he got up at six to play nine holes of golf before going to the studio, he heard his mother whistling in her room.

Marc knocked His mother answered the door. She explained she had played until 4:30 a.m. but couldn't sleep, so dressed and started her day's doings.

"You must have done pretty well," said Marc, thinking about big stakes.

"Yes, I did," answered the happy little Hoyle addict. "A dozen handkerchiefs and 75 cents."

MARC, incidentally, is the town's leading advocate of the Jed Harris production, "Apple of His Eye," which received unflattering reviews but has nonetheless done well enough at the box office, probably because of Walter Huston's presence, to encourage the management to put tickets on sale through April 30.

Marc is a great friend of Jed Harris' but insists that is not the reason he likes the show. He wrote a long letter to a New York paper setting down his reasons for liking the show, but the paper wouldn't print it.

"They accused me of nepotism," said Marc.

Marc, incidentally, may go overseas to head Jed's London production of "Our Town."

DRAGONS FINISH DRILLS FOR DISTRICT 10 TITLE TILT AT FARRELL FRIDAY NIGHT

The powerful Warren Dragon cagers go in search of a District Ten title tomorrow night against the defending champions, the Sharpville Blue Devils, at eight o'clock in the Farrell High School gymnasium.

Warren mentor Joseph A. Massa concluded his drills this afternoon with a light workout at Beatty and prepared his "Big Five" lineup for tomorrow's feature attraction in western state cage circles.

The Warren outfit will depart tomorrow morning for Sharon, where they will remain until game time tomorrow night. Eleven boys, along with Massa and Athletic Director J. B. Leideg, will make the trip. Two busloads of students, and possibly a third, will leave Friday at three o'clock for Farrell.

The current title-holders also tapered off today in preparing for the title tilt. The Blue Devils, who defeated the Dragons last year in the district semi-final, 34-29, appeared in top form in their final practice, according to their coach, Red Johnston.

Johnston announced that Louis Kasey, a veteran of last season, would not appear tomorrow night as a result of dissonance among the players. Kasey was dropped from the squad after he and another player, a starter, became involved in a dispute over a girl.

However, the remainder of the lineup for the Blue Devils is intact. Sparking the champions is stout Paul Davison, named to the all-state first team last season by the Associated Press. Davison, the team's high scorer, paced the Sharpville outfit to the western finals last year before it was defeated by Donora. Davison will pair at a forward post with Mike

Ferrara, while Wade Campbell, a tall negro, will be at center. Frank Ernie and Bill Perlett will be at the guard posts. Both guards were starters last year.

The Blue Devils have dropped seven out of twenty-three to date this season. Five of the losses were to Ohio teams, while the only Pennsylvania teams to score victories over the champions were Bradford, 33-33, and Bessemer, 42-32. The two Pennsy defeats came in the final two appearances of the Blue Devils.

A victory Friday for Warren would give them their first District Ten title. For three straight years, the Dragon cagers have copped the Section Two championship but were eliminated in the opening playoff. This year, Joe Massa and his Blue and Whites hope to continue in the race for state honors.

Both Jack Eaton and Gail Nelson are back to normal, and the rest of the lineup is hitting per usual. Massa will start his regular "Big Five" tomorrow. Al Babcock and Dick Harris will be at the forward slots; big Jack Eaton, being gunned for a possible all-state berth, will be at the tip-off post; and Ray Reed and Gail Nelson will start at guards. Both Jim Scallise and Tony Vesco will probably see action.

A Warren title would send them into the state quarter-finals against the Districts 9-8 champion, Allegheny, of Pittsburgh, represents District 8, while Kane and Brookville battle it out tomorrow night at DuBois for District 9 honors. The Brookville-Kane winner facing the Warren-Sharpville victor in the quarter-finals on March 26.

Reasons Why You Should Become a Sports Booster

Are you in favor of a year-long sports program? Do you believe that Warren and Warren county should have a well-organized program of competitive athletics for boys?

Do you favor adequate facilities for baseball, football and other sports, where home teams and visiting teams may have shower and dressing room accommodations and where fans may watch their favorite sport being played under ideal conditions?

If you do, you should be a member of the Sports Boosters Association, which is committed to supporting the above program and proposes to bend its efforts to accomplishing these goals.

Formed since the first of the year by a group of sports enthusiasts, the association has already attracted about 300 Warren county men. The membership fee of \$1.00 entitles you to a full voting participation in the program and your support will go far toward bringing this section back to its former prominent place in the sports world.

Memberships may be obtained from an association member or at any business place or club exhibiting the large membership sign.

Join now and plan to attend the April meeting of this growing group of Warren county men.

State Quints Seek District Titles Friday

By TOM SHRIVER

Harrisburg, March 14—(AP)—Five of last year's district title-holders will defend their laurels this weekend when the state's leading scholastic fives battle for eleven district championships.

Somerset, holder of the District Five crown, will be the first of the five champions called upon to repeat, when the fast-moving Bedford five invades Somerset tonight. The invaders will be led by Bruce Fisher, Jr., one of the highest scoring forwards in the state, who seeks to pass the 400-point mark before the season ends.

Williamsport, with one of the best records in years, meets Coal Township, Keystone League champion, at Bucknell University tonight. District Four honors are at stake.

Feature attraction on tomorrow night's lengthy list will be the clash of unbeaten Homestead and powerful Sharon at Beaver Falls High School.

Under the coaching of Chick Davies, former Duquesne College mentor, the Homestead five has won 24 consecutive games, nosing out Donora, last year's western ing, 39-38, to enter the District Seven finals.

Sharon, on the other hand, has had two winning streaks snapped.

but managed to win 24 games in 26 starts under Coach Pete Colodi.

Other games on tomorrow night's schedule are:

District 2—Wilkes-Barre GAR champion, meets West Chester, Section Three winner, in the suburban loop, at Villanova College.

District Two—Wilkes-Barre GAR successor to Plymouth as representative of the Upper Anthracite region, meets Scranton Tech, the Lackawanna Valley League champion, at the Kingston Armory.

District Six—Altoona, unbeaten in 17 starts, will face neighboring Conemaugh High at Jaffa Mosque for the district crown.

District Nine—Kane, seeking its first District Nine championship, meets Brookville, beaten only once this year, on the neutral DuBois floor.

District Ten—Warren's Dragons, early season favorites to advance to the state finals, meet their biggest test against Sharpville, defending champions in District Ten, at Farrell.

District Eleven—Allentown, state and district titleholders, unbeaten in 40 starts over a period of two years clashes with Summit Hill, Black Diamond League champions, at Rockne Memorial all.

Allegheny, winner of the Pittsburgh city championship, will represent District Eight in the final playoffs for the state championship, meeting the District Nine titleholders in the first of the inter-district games.

The final game on the week-end program finds Chambersburg, fifty of the defending titleholders, seeking its third straight District Three crown against Lancaster at Hershey Industrial School on Saturday night.

Sweaters And 'W's' Awarded To Grid Stars

Members of the 1945 Dragon football team were awarded their sweaters and "W's" this morning in an assembly at the high school. Two veterans Jim Scallise and Bob Gerardi, of the 1944 season received their second letter, while sixteen sweaters with letters attached were presented.

Of the total number who received the awards, four will return to action next fall. Dave Lopez, "Red" Wollaston, Don Duckett, and Frankie Shanshala will form the backbone of Coach J. B. Leideg's 1946 outfit.

Awarded sweaters and letters were John Knapp, Jack Hamilton, Johnny Tannler, John Robertson, Louie Bonace, Art Juliano, Al McNally, Joe Waller, Don White, Dave Lopez, Don Duckett, Frank Shanshala, and Ed Wollaston.

Managers were given like awards. They were Bill Beach, Bill Taylor, and Beati Peterson. Following the presentation, cheerleaders engaged the assembly in a pep assembly, a feature of tomorrow night's Warren-Sharpville clash.

The words of self-reliant men

THROUGHOUT THE COUNTRY you hear men saying: "This is the place to start my business." Out of this self-reliance will grow new enterprises and jobs for millions of people.

To this growth many things are essential; transportation systems, light, power, good roads, houses for employers and employees, schools for their children.

These things in turn emphasize the importance of the investments of American life insurance companies totaling today more than forty billions. About sixteen billions are invested in government bonds giving support to veterans' programs. The balance is largely invested in municipal and public utility bonds, and in the development of homes and farms. Thus life insurance investments are giving active support to those who are planning for the future.

It is a source of satisfaction to John Hancock to have a share in these developments. This Company now insures one out of ten insured people in the country, more than 7,750,000. Its insurance in force is \$7,256,618,763.

Tactical Air Chief

1st-Gen. E. R. Quesada is reported head of the Tactical Air Command in the new postwar SAAF of 14,000 planes planned by Gen. Carl Spaatz, AAF commander. Estimates call for 10,000 personnel and three basic commands. Other two are reported as Strategic, to be commanded by Lt.-Gen. George Kenney, and Continental Defense, under Maj.-Gen. John K. Cannon.

Air Defense Chief

Gen. George E. Stratemeyer, now, is the chief of the newly organized Air Defense Command, with headquarters at Mitchel Field, N. Y. Under the Army Air Forces reorganization, there will be three basic commands—tactical, strategic and defense.

NOTICE IS HEREBY GIVEN That Articles of Incorporation will be filed with the Department of State of the Commonwealth of Pennsylvania, at Harrisburg, Pennsylvania, on Tuesday, March 19th, 1946, for the purpose of obtaining a Certificate of Incorporation of a proposed business corporation to be organized under the Business Corporation Law of the Commonwealth of Pennsylvania, approved May 5th, 1933, P. L. 364, its supplements and amendments.

The name of the proposed corporation is NORTHERN ALLEGHENY BROADCASTING COMPANY.

The purpose or purposes of the proposed corporation are: To carry on, in all or any of the several branches thereof, the business of radio broadcasting (including frequency modulation and television broadcasting), and to do such things and exercise such powers as shall be appropriate to serve the public interest, convenience and necessity in connection therewith;

To apply for, receive, hold and enjoy any and all licenses, permits and grants necessary, appropriate or convenient for the erection, construction, maintenance and operation of radio broadcasting (including frequency modulation and television broadcasting) stations, transmitters, studios, equipment and facilities and to the extent that it is legal so to do, to erect, construct, purchase, acquire, lease, maintain, operate, let, sell, dispose of and otherwise deal in and with respect to the same;

To contract with respect to, purchase, lease, use, enjoy and otherwise deal in and with respect to radio broadcasting (including frequency modulation and television broadcasting) stations, transmitters, studios, equipment and facilities, and to carry on any business or do any acts or things in connection with the business of advertising;

The foregoing clauses shall be construed both as objects and powers, and it is hereby expressly provided that the foregoing enumeration of specific powers shall not be held to limit or restrict in any manner the powers of this corporation.

deal in and with respect to the same;

To hire, employ, contract with, furnish and otherwise transact business with relation to speakers, musicians, actors, dancers, singers, and all other types and kinds of artists, entertainers, performers and attractions, for any and all purposes; and to give, and cause to be given, performances, exhibitions and entertainments of all kinds;

To buy, lease and otherwise acquire, to manage and operate, and to sell, let and otherwise dispose of studios, theatres, concert halls, and other places of amusement, entertainment or public gathering; and to give, and cause to be given, entertainments and performances of any and all kinds therein;

To purchase, lease and otherwise acquire, to maintain and operate, and to sell, let and otherwise dispose of radio broadcasting, television, sound recording, moving picture studios, machines, plants, and factories of all kinds and descriptions; to invent, manufacture, buy, lease and otherwise acquire, to maintain and operate, and to let, sell, and otherwise dispose of any and all machinery, instruments, implements and devices of any and every kind and nature pertaining to the same; and to produce, reproduce, disseminate, and record aural and visual images, alone or in combination with each other, by means of films, records and other devices of whatsoever name or nature, whether now or hereafter known or discovered;

To furnish advertising matter and material, both in connection with radio and television programs and otherwise, and to deal in and in connection with advertising generally, and to carry on any business or do any acts or things in connection with the business of advertising;

The foregoing clauses shall be construed both as objects and powers, and it is hereby expressly provided that the foregoing enumeration of specific powers shall not be held to limit or restrict in any manner the powers of this corporation.

And in general to have and enjoy the rights and privileges as conferred upon the corporation by the Business Corporation Law of Pennsylvania, approved the 5th day of May, A. D. 1933, its Supplements and Amendments.

Grass Fire Endangers Property Four Times During Two Days

Fire Chief Charles Albaugh and Jay Pees, of the State Forestry Department have issued warnings relative to grass fires. Four times during the past two days fires have endangered much property and were only stopped by the work of the Fire Department and State Forestry crew. The State Forestry truck is equipped for forest fire fighting and answers all alarms on the edge of the borough where the fires are just over the township and borough lines.

On Grant street yesterday a grass fire was set by boys on their way to school when they applied matches to patches of dry grass. Search is being made for the boys and if arrested they will be taught a lesson as two houses were threatened. Bon fires are another source of danger and yesterday afternoon a bon fire on upper Jefferson street got out of control and got into a quantity of brush and the firemen had to respond.

In the Fourth ward Tuesday another bon fire which was being used by a woman to dispose of rubbish got out of control and burned down the shrubbery at the nursery of Sokpanos. No estimate of the damage done to the shrubbery has yet been received by the fire department but it may amount to considerable.

Attention is called to the law which makes persons who set fires or allow fires to get into woodland or property responsible for damage done and this has been severely enforced about the state. Many heavy fines have been paid.

One of the most serious fires fought during the past two days was on Prospect street. Here the fire fighters were lucky as the flames had attained a good headway and had they burned a few feet further would have gotten among a number of oil tanks and into a heavy growth of brush where a real fire would have resulted.

Local Talent Is Blamed For Two Break-ins

Deputy Sheriff Sanford Secor with State Police Investigator Les Fobes and U. S. Postal Inspector Bernard L. Mulligan of this city, spent some time yesterday at Grand Valley. They were probing the burglary of the Grand Valley postoffice on the previous evening. Entrance to the building was gained by use of a jimmy on the door and then the combination was knocked off the safe but they were unable to get the strongbox open. It is in such shape that a specialist will have to be called in to open the safe.

The officers are inclined to think the same gang that opened the safe in the Advance Cleaners at Titusville on Tuesday night and got away with \$200 in money and checks. Operations in both places were the same, the combination being knocked off the safes. Local talent from this section is blamed for the two jobs.

There are few clues upon which to work although one report stated that a car had been heard in the vicinity of the postoffice about 3 o'clock on Wednesday morning.

Service At Army Citadel

Crusading in the name of Jesus Christ for the spiritual quickening of men's souls, Salvationists are placing emphasis in the Lenten season. This year as never before, there is a need for the true meaning of sacrifice in connection with Christianity. Millions have given their lives for freedom from tyranny, millions more should give their lives for freedom from sin.

With this thought in mind, Salvationists are taking part in the "Christ for the Nation" crusade for souls of men. Captain Stanley Wright has announced that tomorrow night, an extraordinary meeting of spiritual significance will be held at the Salvation Army chapel.

Captain L. Crozier, officer in charge of the Kane Corps will be the guest speaker. Special music and songs will be featured.

Every Friday night throughout Lent, special guest speakers will be occupying the pulpit of the Warren Corps. These meetings commence at 7:45. The public is urged to worship at these services.

Social Events

WOMEN OF MOOSE SUPER-MEETING
Warren Chapter, 698, Women of the Moose, held its regular meeting at eight o'clock Wednesday evening, preceded by an executive session. Senior Regent Mary Kirberger in charge. There was a very large attendance for the six o'clock supper which preceded the business of the evening. Two candidates were initiated and attendance awards were given. Allice Laufenberger and Gustave Anderson. Attention was called to the next regular meeting, to be held at 8 p. m. on March 27.

OPPORTUNITY FOR CHURCH MUSIC STUDY
An unusual event has been planned at First Lutheran church on Saturday, March 23, when Rev. Elmer Zieher, instructor of church music at Mt. Singing Duo Will Feature Floor Show

Every once in a long time on the sea of vaudeville and floor show entertainers there is an act that stands head and shoulders above others of its kind. Last Monday evening Bob and Irene, a singing duo charmed the huge crowd at the Marconi Outing Club and have been held over to head the show for the week end at the request of hundreds. They really sing and do a routine of ballads and classical numbers that brings rounds of applause.

Chuck Smith heralded as a comedy master of ceremonies will handle the show and the other act will be Russel and Rene, balloon dancers. This is a specialty number that will provide some excellent entertainment as portions of their routine are sensational and thrilling.

The Outing Club floor show programs are winning much favor in the towns of this section and the attendance at the club is growing each week until the crowds are hard to handle. Many demands have been for table reservations but the management has determined that "first come first served" and many parties are arriving as early as 8 o'clock to obtain choice tables.

If you have several odd hose, you can re-match them into pairs with special stocking dyes.

Obituary

Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12:30 p. m. and 7 to 9 p. m.

MRS. KATHERINE C. BLOCHER
Mrs. Katherine C. Blocher, 606½ Fourth avenue, passed away yesterday at the Warren General Hospital. Mrs. Blocher was the widow of the late Wm. E. Blocher and was born in Buffalo, N. Y., but had lived here for the past 45 years. She was a valued employee of the Metzger-Wright Company, having worked there for 35 years until her retirement in 1942. She was in charge of the alteration department and was one of the honor roll members.

Mrs. Blocher was a member of St. Joseph's church, the C. D. of A., the L. C. B. A., the United Spanish War Auxiliary, of which she was a past-president, the V. F. W. Auxiliary and the P. M. C. She is survived by one daughter, Miss Mary Blocher, of Erie, Miss Rose Stadel, two brothers, George Stadel, at home, and Charles Stadel, of St. Paul, Minn. A brother, John Stadel, preceded her in death in 1944.

Removal has been made to her home and services will be held at St. Joseph's church on Saturday morning at ten o'clock. On Thursday evening at eight o'clock, the Catholic Lighters will conduct the Rosary and on Friday evening at 8:30 o'clock, the Parish Rosary will be said. Interment will be made in St. Joseph's cemetery.

MRS. NORMAN MCKAY
Mrs. H. A. Sittler received a message this morning from her brother, Norman McKay, of Erie, telling of the death of his wife, Ethel, which occurred last night at their home, 1204 East 30th street, Erie, following a long illness.

Besides her husband, she is survived by one daughter, Mrs. Alberta Bowes, and two sons, Lynn, of Westerville, and Lyle, recently returned from service and now at home.

Services in her memory will be held at 8:30 Saturday from the Schaaf Funeral Home, Erie.

CLARENCE T. MCCOOL
Services in memory of Clarence T. McCool, well known oil producer of Clarendon, were held at two o'clock Wednesday afternoon at the Peterson Funeral Home, conducted by the Rev. L. V. Mohnkern, of Clarendon Methodist church, and followed by interment in Oakhill cemetery at Bradford. Bearers were Hans Walchli, Charles Schneider, George Fullerton, Gilbert Nelson, Marvin Reiff, Frank Hills.

Attending the rites from away were Mrs. Amanda Knabb, Mrs. Eva Stanley, Mrs. Siepel, Mrs. Ethel Exley, Mrs. Paul Pearson, Oil City; H. M. Diegel, Bradford; Robert A. Diegel, Smithport; Mr. and Mrs. J. Frank McCool, New Kensington; Mr. and Mrs. Nelson B. Eldred, Cross Point, Mich.

HEBREW HOLIDAY

This year Purim (The Feast of Lights) fall on March 17. On this day, the fourteenth of Adar, according to the Jewish year, the Jews of Persia were saved from the clutches of Mordecai and Esther, the annihilation through the intervention of Ahasuerus. Synagogue services commemorate the event by allowing the children to call out in triumph every time the name of Haman is read from the scroll known as a Megillah, containing the Book of Esther which is read at services. It is usually a time of revelry and masquerade. A spiced three-cornered cake known as a "Momonasch" supposed to look like a three cornered hat is baked by mothers in the household where older customs are observed.

ERA FINDS A FLAW

In the Bradford Era this morning a note relative to the name of the Warren county village of Kinzua appears which will undoubtedly upset Sid Blackman, one of the authorities on the lore of that place. "It is seldom that our great Commonwealth of Pennsylvania makes an error, but we think we have caught them red-handed when they erected their historical sign showing that KINZUA is the Indian equivalent of "Stream of Many and Big Fish." Dr. Donehoo, outstanding Indian authority, in his book, "Indian Villages and Place Names in Pennsylvania," says that the highway marker is wrong. Kinzua comes from the word "Kenshuak", meaning "They gobble." Maybe the Indians named Kinzua after the wild turkeys that once abounded in the vicinity, or then again they may have foreseen times in the area when a few game hogs make a practice of visiting recent state-stocked streams and fishing without any regard to the legal limit. "They Gobble"—yes and amen."

Decision Of Court To Aid Lamp Industry

The Corning Glass Works has accepted District Court decree and judgment which will restrain them from continuing contracts with General Electric Company and which requires them to discontinue any entangling arrangements that are a violation of Anti-Trust Regulations.

This decree requires Corning to license its present patents on a royalty free basis and without restrictions to any applicant desiring to manufacture electric light bulbs, tubing, or glass working machinery that they control.

This judgement assures the local lamp industry of a continued source of bulbs and tubing from manufacturers of this country and also removes artificial barriers which have discouraged the import of foreign made glass.

(From Page One)

Friends of John R. Berry, of North Warren, will be sorry to learn that he was admitted to the Jones General Hospital in Jamestown on Tuesday for treatment of a leg and back injury received in an auto accident. It is reported a car driven by D. Bonnor Schrader, of Kennedy, N. Y., crashed into the Buffalo and Erie Coach Company bus operated by Berry, the accident occurring at the intersection of East Second and Stow streets in Jamestown.

"In 1945, the John Hancock Mutual Life Insurance Company not only increased its insurance in force by \$452,825,735 to a total of \$7,256,618,763, the highest amount in the Company's history, but also laid the foundation for future gains by extending its sphere of operation to include all of the United States and the Dominion of Canada," stated Edwin R. Erickson, general agent, reviewing the experience of the John Hancock during the past year.

Characterizing 1945 as a year "which began during the most intense part of the war and which ended in a period of reconversion from the ways of war to the ways of peace," Mr. Erickson observed that the John Hancock's annual statement, given out at the 83rd annual policyholders' meeting, is a report not only on the year 1945 but on the future.

The John Hancock's plans for the future encompass the construction of a 26 story home office building in Boston, to connect with the present one and an investment in civilian housing. Stated Mr. Erickson, "Just as the funds of the Company were invested during the war with careful consideration for their contribution to the winning of the war, a major consideration today must be the best interest of the country at peace as well as the welfare and best interest of our policyholders. Never in recent years has the need for houses been as acute as it is today. That need puts an obligation on any organization with money to invest. It puts an especial obligation on a life insurance company such as John Hancock, which insures more than one out of every ten insured people in the country."

Total payments to policyholders in 1945 were \$124,060,213, of which \$26,063,443 was paid in dividends.

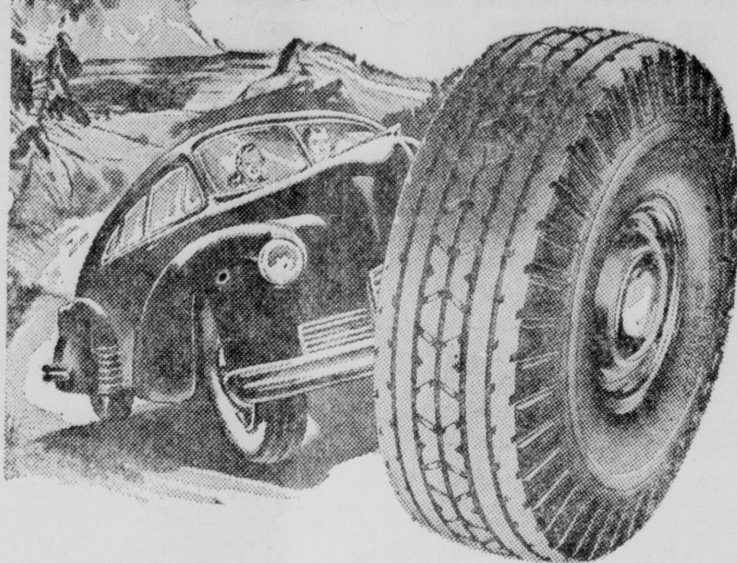

WEST HICKORY

West Hickory, Mar. 11—Grape vine tells us some sorry news, that Jerome Hinkle, Sr., superintendent of the local tannery has resigned his post, and has accepted one in Canada, to bad to lose such a good family and friends from the community. Mr. Hinkle leaves soon for his new job. The family will follow later.

Perry R. Smith was host at a dinner and farewell party Thursday evening at the Blue and White tea room, Tidoute, following the delicious dinner, enjoyed by 26 in the party, all motored back to the home of the host to spend the evening. Several tables of cards were in play. The honor guests, who will soon leave West Hickory each received a lovely gift.

Fred Callijuri and wife, mother and sister, Evelyn, motored to Buffalo last week to visit relatives.

First Quality RIVERSIDES

The new Riverside tire is now even stronger than our pre-war tires! Stronger because each cord is stronger to begin with... then chemically strengthened to stay stronger longer... next liquid-dipped (to "weld" them together) and cushioned in rubber for maximum safety! Finally each ply is cemented before vulcanizing, for greater protection against separation, and blow-outs! Riversides give you more for your money... more safety... more wear! Do as millions are doing... switch to Riversides!

If we are temporarily out of your size, remember—new tires are arriving at Wards Retail Stores every week. (And selling fast!)
